**RE: Petition for Name Change on
Certificate of Public Convenience and Necessity**

OnePoint Communications – Georgia, L.L.C. (“OnePoint”) was granted a Certificate of Public Convenience and Necessity to Provide Competing Telecommunications Services in the State of Tennessee (“CPCN”) by Order in Docket No. 00-00112, dated August 7, 2000. By this Petition, OnePoint respectfully requests that the name of the carrier shown on the CPCN issued in the above Docket be changed from OnePoint Communications – Georgia, L.L.C. to Verizon Avenue Corp.

OnePoint is wholly owned by Verizon Avenue Corp. (the “Company”), and is one of four Limited Liability Companies (LLC) of the Company engaged in the provision of telecommunications services throughout the country. In an effort to alleviate customer confusion and to streamline corporate operations, the Company intends to collapse the four LLC structure, and to combine all operations under the Verizon Avenue Corp. name. Preparatory to eliminating the LLC structure, the Company seeks to change its certifications and registrations in all states in which it operates from the LLC to the parent company name.

In support of this Petition, OnePoint and the Company make the following statements:

- At this time, neither OnePoint nor the Company provide any customers in the State of Tennessee with any telecommunications services.
- Verizon Avenue Corp. is properly registered with the Secretary of State of the State of Tennessee as a corporation.
- No changes to the rates, terms or conditions on file in tariffs with the Tennessee Regulatory Authority (TRA) are planned as a result of this requested CPCN modification.

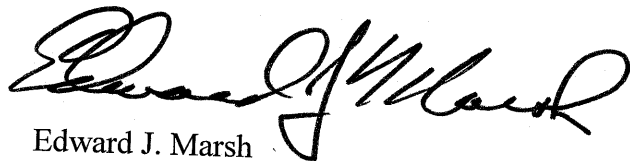

- Verizon Avenue Corp. hereby adopts without modification (except as appropriate to accommodate the requested name change) the tariffs and Interconnection Agreements filed by OnePoint with the TRA, and adopts all requirements placed on OnePoint by the TRA or other duly authorized agency of the State of Tennessee, as its own.
- The responsible official of Verizon Avenue Corp., who is familiar with all aspects of this request and of the operations of OnePoint and of the Company, is:
